A new one hour Power Point component of CLE titled ***“Taking Your Club from Good to Great – A Practical Application”*** will be presented along with a practical discussion during this year’s Club Leadership Education (CLE) sessions. Club and Division Growth Team members are encouraged to attend along with your Club and Division Leadership. It should be of great benefit to you and your club membership. The more members in attendance the better our chances are of overcoming the challenges of “Serving the Children” of our Divisions, District and International.
