

REACH OUT!

Did you know that Kiwanis Clubs in the Pacific Northwest District have an opportunity to help our **Service Leadership Programs** such as Circle K, Key Club, Builders Club, K-Kids and Aktion Club without even being a club sponsor?

PURPOSE: To underwrite certain administrative expenses of **Service Leadership Programs** at the District level not otherwise covered by their own dues or sponsorship fees. The funds also may be used to help with the non-reimbursed travel expenses of adult and youth leaders for new club building and chartering.

WHY YOUR CLUB SHOULD BE A SERVICE LEADERSHIP PROGRAM SUPPORTER

Youth club administrative budgets are strapped beyond their means to generate funds

Funds available for this purpose from the Pacific Northwest District come from Member Dues and are limited

Clubs who sponsor a Key Club, Circle K Club or other Service Leadership Program should not be expected to have to underwrite the entire district support for these clubs. Outreach opens the door for the involvement of every Kiwanis Club.

Support of our Service Leadership Programs are an investment in the future of Kiwanis. As our youth moves through K-Kids to Builders to Key Club and Circle K, the next logical step for them is membership in a Kiwanis Club. Every Kiwanis Club benefits from our these programs – both in community goodwill AND as a source for future members.

KIWANIS RECOGNITION
