Kiwanis International Talking Points

DEFINING STATEMENT

Kiwanis is a global organization of volunteers dedicated to changing the world one child and one community at a time.

KIWANIS HISTORY

- Kiwanis was born in Detroit in 1915, during a period when a dozen service organizations formed and thrived around the United States.
- The first Kiwanis clubs promoted the exchange of business among members.
- By 1919, Kiwanis opted to emphasize service above business networking.
- The first Kiwanis club organized outside the United States and Canada— the Kiwanis Club of Tijuana, Baja California, Mexico— chartered in 1962.
- The first Kiwanis club in Europe organized in Vienna, Austria, in 1963.
- The first Kiwanis club in the Asia-Pacific region organized in Tokyo, Japan, in January 1964.

THE KIWANIS IMPACT

- Kiwanis International and its family of clubs devote more than 18 million volunteer hours and invest more than US\$107 million annually in their communities around the world.
- In a typical year, Kiwanis clubs sponsor more than 150,000 service projects worldwide.
- The effect of Kiwanis service and leadership is far-reaching and impacts communities around the globe.

KIWANIS' GLOBAL REACH

- Kiwanis strives to define excellence for service and leadership in communities around the world.
- Kiwanis International and its Service Leadership Programs boast nearly 600,000 members—men, women, and youth—in more than 16,000 clubs in more than 80 countries and geographic areas.
- During Kiwanis' first global campaign for children, the Worldwide Service Project for IDD, members worked with UNICEF to virtually eliminate iodine deficiency disorders (IDD), the world's leading preventable cause of mental retardation, while raising more than US\$100 million. Heralded as one of the most successful health initiatives in the world, today those dollars are at work in more than 103 nations—and the number of households consuming iodized salt has jumped from an estimated 20 percent in 1990 to more than 70 percent, saving developing nations and the world billions of IQ points.

- Now, Kiwanis and UNICEF are partnering again on The Eliminate Project: Kiwanis eliminating maternal/neonatal tetanus. Kiwanis and UNICEF are reaching out to the world's poorest, most underserved women and children to eliminate maternal/neonatal tetanus by 2015.

THE ELIMINATE PROJECT

The Kiwanis global campaign for children, The Eliminate Project: Kiwanis eliminating maternal/neonatal tetanus, aims to save the lives of a 129 million mothers and newborns.

In partnership with UNICEF, Kiwanis is eliminating a disease that kills one baby every nine minutes. Kiwanis and UNICEF are targeting the poorest, most underserved women and children on Earth, and paving the way for other interventions that will boost maternal health and child survival. Hand-in-hand, Kiwanis and UNICEF are changing the world.

Maternal/neonatal tetanus is easily prevented by a series of three vaccinations to women of childbearing age, costing roughly US\$1.80.

The Eliminate Project will raise US\$110 million over the next five years to fill the funding gap required to provide an estimated 387 million doses of the vaccine.

The Eliminate Project will officially kick-off at the 96th Annual Kiwanis International Convention in Geneva.

All the good that Kiwanis does around the world happens at the club level.
